

BBA	
FIRST YEAR	
Semester I	
101	Mathematics I
102	Discrete Mathematics
103	Computer Fundamental & programming concepts
104	Principles of Management
105	Practical Software Lab based on 103
Semester II	
201	Mathematics II
202	Data Structure and Programming with 'C'
203	Database Management System
204	Digital Electronics and Computer Organization
205	Practical Software Lab based on 202&203
SECOND YEAR	
Semester III	
301	Computer Oriented Statistical & Optimization Methods
302	Operating System
303	Computer Architecture and Assembly Language
304	Productions and Operations Management
305	Practical Software Lab based on 302 & 303
Semester IV	
401	Computer Oriented & Financial Management
402	Computer Communication Networks
403	Computer Graphics
404	Object Oriented Programming & C++
405	Practical Software lab based on 401,402,403,404
THIRD YEAR	
Semester V	
501	Software Engineering
502	Programming in Visual basic
503	Information Systems : Analysis , Design and Implementation
504	Technical Documentation, Presentation & Communication skills
505	Practical Software lab based on 502,503
Semester VI	
601	Client Server Technology
602	Multimedia & Its Applications
603	Project Work
604	Practical Software lab based on 601,602
