Institution's Innovation Council (IIC)

Integrated Academy of Management and Technology, Ghaziabad

Date: 28th – 29th 2024

Workshop on MEAN Stack Development

INMANTEC is delighted to share the successful conduction of a “**Workshop on MEAN Stack Development**”, held with great enthusiasm on **28th–29th November 2024**, from **10:00 AM to 02:00 PM**, at the **Seminar Hall and ICC Lab** of the INMANTEC Campus. The workshop was specially organized for **MCA students** to enhance their understanding of full-stack web development technologies.

The event commenced with the **blessings of Maa Saraswati**, followed by a **lamp-lighting ceremony** led by the dignitaries, symbolizing the pursuit of knowledge and innovation.

The workshop aimed to:

- Encourage students to explore the **interdisciplinary applications** of MEAN Stack Development in real-world projects.
- Create awareness about **emerging career paths, research opportunities**, and current **industry trends** in the field.
- Inspire continued **skill development and exploration** in modern web technologies.

Students actively participated throughout the sessions and shared **valuable feedback**, highlighting both the **strengths of the program** and **suggestions for future improvements**. This input will serve as a guide for organizing even more **engaging and effective** workshops in the future.

INMANTEC extends heartfelt thanks to all participants, speakers, and organizers for making the event a grand success.

Outcomes:

1. **Skill Development and Innovation**
Students gained hands-on technical skills, enhanced their innovative thinking, and developed a deeper understanding of how MEAN Stack Development can be leveraged to address real-world challenges.
2. **Career Awareness**
The workshop increased awareness among students about emerging career opportunities in full-stack and web development, especially those related to the MEAN Stack.

3. **Interdisciplinary Exploration**

Students were encouraged to explore the interdisciplinary applications of MEAN Stack Development, recognizing its role in integrating diverse domains for comprehensive solution building.

4. **Positive Feedback and Future Engagement**

Encouraged by the positive student feedback, there is strong motivation to organize more workshops and seminars on related technologies in the future.
